BUILDING STRONG LEARNERS FOR BIGGER FUTURES

IIG Academy is a structured academic learning and competitive examination preparation centre that supports students in Classes 6 to 12, Class 12 graduates, and aspirants pursuing CA, CWA, CS, CLAT, and IPMAT pathways. Our programmes are carefully designed around students' changing academic and career needs:

- Classes 6th, 7th and 8th
- Classes 9th and 10th
- Classes 11th and 12th
- Science and Commerce preparation for Classes 11th & 12th
- JEE and NEET Repeaters
- CA, CWA and CS Foundation pathways
- CLAT and IPMAT preparation for Law and Management aspirants
- CUET aspirants' preparation for university entrance

We understand that every student learns differently. Therefore, our approach goes beyond conventional classroom teaching. Students receive regular academic guidance, feedback, motivation, and individual support to help them identify their strengths, address their challenges, and make steady progress.

WHAT DEFINES IIG ACADEMY?

Conceptual Excellence

Students are encouraged to understand the logic behind every concept rather than depend solely on memorisation.

Complete Student Development

Along with academic preparation, students develop confidence, discipline, communication, resilience, and a responsible attitude towards learning.

Continuous Evaluation

Tests, assignments, performance reviews, and feedback enable students to understand their progress and improve consistently.

Personalized Mentoring

Regular mentoring helps students improve their study habits, manage academic pressure, and remain focused on their goals.

Structured Time Management

Students develop practical study routines, prioritise academic tasks, and manage their time effectively across learning activities and assessments.

A CLEAR PURPOSE. A STRONGER FUTURE.

OUR VISION

To create a learning environment in which every student receives the academic guidance and personal attention needed to realise their potential and develop confidence needed to realize their potential and pursue ambitious educational goals. We envision students becoming independent learners, analytical thinkers, disciplined achievers, and responsible individuals who are prepared not only for examinations but also for the opportunities and challenges of the future.

OUR MISSION

Our mission is to provide structured, student-focused education that strengthens academic foundations, improves examination performance, and prepares students for CBSE Board examinations, Olympiads, JEE, NEET, and other competitive pathways.

OUR SUCCESS FRAMEWORK

At IIG Academy, we believe that every student deserves the right guidance at every stage of their academic journey. We not only prepare students for examinations but also nurture confident learners, critical thinkers, and future achievers.

01

LEARN

Build a strong conceptual foundation through engaging classroom teaching and interactive learning.

02

PRACTICE

Reinforce every concept through Daily Practice Problems (DPPs), assignments, and regular revision.

03

EVALUATE

Track progress through chapter tests, mock examinations, and detailed performance analysis.

04

IMPROVE

Receive personalised mentoring, doubt-clearing support, and focused academic guidance to strengthen weaker areas.

05

ACHIEVE

Approach every examination with confidence and clarity, equipped with the skills required to secure a top rank.

STRUCTURED PROGRAMMES FOR EVERY LEARNING STAGE

Two Learning Formats.
One Clear Academic Direction.

IIG Academy offers two clearly defined learning formats, giving students and families the flexibility to choose a programme that aligns with their academic schedule, learning needs, and examination goals.

Each format combines structured classroom teaching, strong conceptual development, regular practice, performance assessments, doubt-clearing support, and personalised mentoring. Whether students require an integrated academic pathway or focused preparation alongside their regular studies, they receive consistent guidance and a well-planned learning experience at every stage.

NON-INTEGRATED CLASSROOM PROGRAMMES

NON-INTEGRATED CLASSROOM PROGRAMMES

Focused Preparation. Flexible Schedule. Stronger Outcomes.

Non-Integrated Classroom Programmes are designed for students who follow their regular school timetable and attend their selected programme at IIG Academy outside school hours. The focus is on competitive examination coaching, subject-specific revision, and structured academic support.

PROGRAMME CATEGORIES

- **Foundation and School Support:** Foundation (Science and Maths) for Classes 6-8 and Intellectual (Science and Maths) for Classes 9-10.
- **Senior Secondary Science:** Scholars (Science) for Classes 11-12.
- **JEE and NEET Repeater Preparation:** IIT JEE and NEET Achievers for students who have passed Class 12.
- **Senior Secondary Commerce:** Scholars (Commerce) for Classes 11-12.
- **Professional Foundation:** CA Foundation, CWA Foundation and CS Foundation under Commerce Trinity.
- **Entrance Preparation:** CLAT, IPMAT and CUET Preparation for Classes 11-12.

FOUNDATION (SCIENCE AND MATHS) PROGRAMME

Classes 6, 7, and 8 | After School Hours

Build Strong Concepts. Develop a Love for Learning.

A student's future academic success begins with strong fundamentals. The IIG Academy Foundation (Science and Maths) Programme is designed for students of Classes 6, 7, and 8 to develop conceptual clarity in Science and Mathematics while nurturing curiosity, logical thinking, creativity, and confidence.

Through engaging classroom learning, consistent practice, and personalised mentoring, students strengthen their school performance and build the analytical abilities needed for higher classes, competitive examinations, and Olympiads such as the SOF National Science Olympiad (NSO), SOF International Mathematics Olympiad (IMO), SilverZone International Olympiad of Science (iOS), and International Olympiad of Mathematics (iOM).

PROGRAMME HIGHLIGHTS

Strong Conceptual Learning

Develop a clear understanding of fundamental concepts in Science and Mathematics through engaging and application-oriented teaching.

School Academic Support

Strengthen classroom learning with structured explanations, regular practice, revision support, and school-based assessments.

Logical and Analytical Thinking

Develop reasoning, observation, problem-solving, and decision-making abilities through concept-driven activities and exercises.

Olympiad Readiness

Gain age-appropriate exposure to Olympiad-style questions and scholastic competitions that encourage students to think beyond textbooks.

Expert Faculty Guidance

Learn under experienced educators committed to making academic concepts simple, interesting, and easier to understand.

INTELLECTUAL (SCIENCE AND MATHS) PROGRAMME

Classes 9 and 10 | After School Hours

Strengthen Your Foundation. Prepare for Bigger Goals.

Classes 9 and 10 are crucial years in a student's academic journey. The IIG Academy Intellectual (Science and Maths) Programme helps students develop a deeper understanding of Science and Mathematics, perform confidently in school and Board examinations, and establish a strong academic base for future **JEE and NEET** preparation.

Through concept-based teaching, regular assessments, strategic revision, and early competitive exposure, students can prepare for Science and Mathematics Olympiads such as the SOF NSO and IMO, the SilverZone iOS and iOM, as well as higher-level pathways such as IOQM and NSEJS. The programme also develops the scientific reasoning and problem-solving skills needed for future entrance examinations such as the IISER Aptitude Test (IAT) and the National Entrance Screening Test (NEST) for admission to NISER, helping students build the foundation to pursue careers as future scientists and researchers.

PROGRAMME HIGHLIGHTS

01

Board Examination Preparation

Master the school and Board curriculum through structured teaching, regular assessments, answer-writing practice, and strategic revision.

02

Advanced Conceptual Learning

Understand important concepts in Physics, Chemistry, Biology, and Mathematics through application-oriented teaching.

03

Early JEE and NEET Foundation

Gain appropriate exposure to competitive examination concepts and problem-solving methods before entering Classes 11 and 12.

04

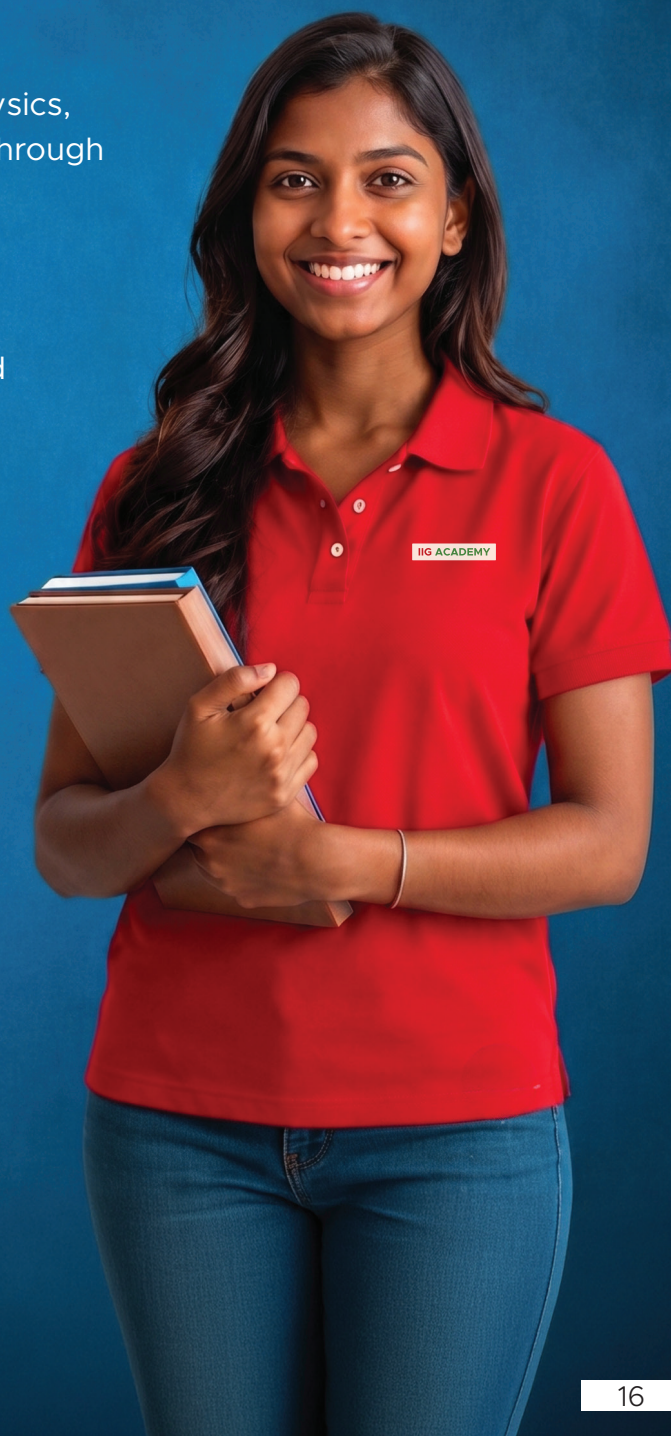

Olympiad and Competitive Preparation

Prepare for Olympiads and other scholastic competitions through focused practice, logical reasoning, and advanced-level questions.

05

Regular Tests and Performance Analysis

Identify strengths and improvement areas through chapter tests, school-pattern examinations in both offline and online modes, and detailed academic feedback.

SCHOLARS (SCIENCE) PROGRAMME

Classes 11 and 12 | After School Hours

Master Senior Secondary Science with Clarity and Confidence.

The Scholars (Science) Programme is designed for Classes 11 and 12 students who want structured support in Senior Secondary Science while continuing with their regular school timetable. The programme strengthens core concepts, improves problem-solving ability, and builds disciplined preparation for Board and competitive examinations. It also supports students aspiring to pursue science and research pathways through institutions such as IISER and NISER, helping them develop the conceptual depth, analytical thinking, and scientific aptitude required for future studies in science and research.

PROGRAMME HIGHLIGHTS

Core Subject Mastery: Build strong conceptual understanding across Physics, Chemistry, and Mathematics or Biology according to the student's academic stream.

Board-Oriented Preparation: Strengthen syllabus coverage, numerical practice, answer presentation, and revision for senior secondary examinations.

Competitive Problem-Solving: Develop speed, accuracy and application skills through progressively challenging questions and structured practice.

Daily Practice and Assignments: Reinforce classroom learning through planned practice, assignments, and regular topic revision.

Regular Testing: Track academic progress through chapter tests, cumulative assessments, and performance analysis.

Personalised Academic Guidance: Receive mentoring and doubt-clearing support focused on individual strengths and improvement areas.

IIT JEE AND NEET ACHIEVERS PROGRAMME – REPEATERS

Class 12 PASS

One Year. One Goal. One Extraordinary Achievement.

Every successful comeback begins with the right strategy. The IIG Academy JEE and NEET Achievers programme is designed for students who are determined to transform their previous attempts into outstanding results. With personalised mentoring, concept-based learning, rigorous practice, and continuous performance tracking, we help students rebuild confidence, strengthen fundamentals, and maximise their potential to secure admission into India's premier engineering and medical institutions.

PROGRAMME HIGHLIGHTS

Concept-Based Teaching: Master every topic through in-depth conceptual learning before progressing to advanced problem-solving techniques.

Personalised Study Plans: Every student follows a customised academic roadmap based on their strengths, weaknesses, and learning pace.

Daily Practice Problems (DPPs): Regular practice sessions reinforce classroom learning and improve speed, accuracy, and problem-solving ability.

Mock Tests and Performance Analysis: Experience real exam conditions through comprehensive mock tests supported by detailed performance reports and error analysis.

Dedicated Mentoring: Receive continuous academic guidance, motivational support, and strategic counseling to stay focused throughout the preparation journey.

SCHOLARS (COMMERCE) PROGRAMME

Classes 11 and 12 | After School Hours

Build Strong Commerce Concepts. Perform with Confidence.

The Scholars (Commerce) Programme is designed for students in Classes 11 and 12 who want structured academic support in Commerce while continuing with their regular school timetable. The programme focuses on conceptual clarity, consistent practice, Board examination readiness and stronger academic discipline.

PROGRAMME HIGHLIGHTS

Strong Subject Fundamentals: Build clear concepts in Accountancy, Business Studies, Economics, and related subjects.

Board Examination Preparation: Follow structured lessons, practice questions, revision plans and examination-oriented assessments.

Concept-Based Learning: Understand principles and applications instead of depending only on memorisation.

Regular Assessments: Track progress through chapter tests, periodic evaluations and detailed academic feedback.

Problem-Solving and Application: Develop logical and analytical thinking through case-based and application-oriented questions.

Personalised Guidance: Receive doubt clearing support, mentoring and focused support to strengthen weaker areas and improve consistency.

COMMERCE TRINITY PROGRAMME

Classes 11 & 12 | After School Hours

CA, CWA and CS Excellence.

The IIG Academy Commerce Trinity Programme prepares ambitious students for three respected professional pathways: CA, CWA, and CS. Designed to build strong fundamentals alongside academic studies, the programme combines conceptual learning, focused practice, regular assessments, and expert guidance. Students develop the discipline, analytical thinking, and confidence required to pursue professional qualifications with greater clarity and preparation.

Professional Pathways

CA Foundation

Build fundamentals in accounting, finance, taxation, auditing, and essential business concepts.

CS Foundation

Develop an understanding of company law, governance, business regulations, and corporate management.

CWA Foundation

Strengthen knowledge of cost accounting, financial management, taxation, and strategic business decision-making.

PROGRAMME HIGHLIGHTS

Integrated Academic Learning

Balance school or college studies with professional preparation through a structured schedule.

Conceptual Clarity

Build a reliable foundation before progressing to advanced professional subjects.

Analytical Problem-Solving

Develop logical thinking through calculations, practical questions, and case-based learning.

Regular Tests and Progress Tracking

Identify improvement areas and strengthen examination readiness.

Expert Guidance

Receive focused teaching, doubt resolution, and personalised academic support.

Early Career Direction

Understand the requirements of each professional pathway and make informed career decisions.

CLAT PREPARATION PROGRAMME

Classes 11 and 12 | After School Hours

Think Critically. Reason Confidently. Step into Law.

The IIG Academy CLAT Preparation Programme is designed for students aspiring to pursue law at leading National Law Universities. The programme combines concept-focused teaching, extensive practice, current-affairs preparation, regular mock tests, and strategic mentoring to help students approach CLAT with clarity, speed, and confidence.

PROGRAMME HIGHLIGHTS

Legal Reasoning: Develop the ability to understand principles, interpret situations, and apply legal logic accurately.

Logical Reasoning: Strengthen critical thinking, argument analysis, inference, and structured problem-solving skills.

English Language: Improve reading comprehension, vocabulary, interpretation, and communication skills.

Current Affairs and General Knowledge: Build awareness of important national, international, legal, and social developments.

Quantitative Techniques: Strengthen essential numerical and data-interpretation skills required for CLAT.

Mock Tests and Strategy: Improve speed, accuracy, time management, and examination confidence through regular practice.

IPMAT PREPARATION PROGRAMME

Classes 11 and 12 | After School Hours

Think Strategically. Perform Confidently. Step into Management.

The IIG Academy IPMAT Preparation Programme is designed for students aspiring to pursue integrated programmes in management offered by leading IIMs and other prestigious management institutions. The programme combines concept-focused teaching, extensive practice, regular mock tests, performance analysis, and strategic mentoring to help students approach management entrance examinations with speed, accuracy, and confidence.

PROGRAMME HIGHLIGHTS

Quantitative Ability: Build strong fundamentals in arithmetic, algebra, geometry, number systems, modern mathematics, and data interpretation.

Logical Reasoning: Strengthen analytical thinking, pattern recognition, inference, decision-making, and structured problem-solving skills.

Verbal Ability: Improve grammar, vocabulary, sentence construction, language usage, and verbal reasoning skills.

Reading Comprehension: Develop the ability to understand, interpret, and analyse complex passages accurately and efficiently.

Interview Preparation: Build communication skills, confidence, self-awareness, and the ability to express ideas clearly during personal interviews.

Mock Tests and Strategy: Improve speed, accuracy, time management, question selection, and examination confidence through regular practice and detailed performance analysis.

CUET PREPARATION PROGRAMME

Classes 11 and 12 | After School Hours

Prepare Strategically. Perform Confidently. Enter Your Dream University.

The IIG Academy CUET Preparation Programme is designed for students aspiring to secure admission to leading universities through the Common University Entrance Test. The programme combines subject-focused learning, language development, general aptitude preparation, extensive practice, regular mock tests, performance analysis, and strategic mentoring to help students approach CUET with accuracy, speed, and confidence.

PROGRAMME HIGHLIGHTS

Domain Subject Preparation:

Strengthen conceptual understanding and examination readiness across the subjects relevant to each student's chosen university programme.

Language Proficiency: Improve reading comprehension, vocabulary, grammar, verbal ability, and effective language usage.

General Aptitude: Develop numerical ability, logical reasoning, analytical thinking, general knowledge, and current-affairs awareness.

Application-Based Practice: Learn to interpret questions accurately and apply concepts effectively through topic-wise exercises and practice sets.

University and Course Guidance: Understand programme requirements, subject combinations, and admission pathways to make informed academic choices.

Mock Tests and Strategy: Improve speed, accuracy, question selection, time management, and examination confidence through regular practice and detailed performance analysis.

INTEGRATED CLASSROOM PROGRAMMES

INTEGRATED CLASSROOM PROGRAMMES

One Academic System. Multiple Goals. Complete Preparation.

Integrated Classroom Programmes combine CBSE Board preparation and competitive examination coaching within a single course, taught by the same faculty across one synchronised timetable. This structure reduces duplication and helps students manage school academics and competitive preparation together.

PROGRAMME OPTIONS

Science Elite: Classes 9 and 10 - integrated school academics, Board readiness and early competitive foundation.

IIT JEE and NEET Rankers: Classes 11 and 12 - synchronised Board preparation with JEE/NEET coaching.

Commerce Prodigy: Classes 11 and 12 - integrated senior secondary Commerce learning with structured academic development.

SCIENCE ELITE PROGRAMME

Classes 9 and 10 | During School Hours

Empowering Brilliant Minds to Explore, Excel, and Achieve More

The Science Elite Programme is designed for students in Classes 9 and 10 who benefit from an integrated academic structure. The school curriculum, Board preparation, advanced conceptual learning, and early exposure to competitive examinations are coordinated within one timetable to build a strong base for senior secondary Science.

PROGRAMME HIGHLIGHTS

Integrated Academic Planning:

Coordinate the school syllabus, revision, testing, and enrichment learning through one structured academic schedule.

Board Readiness: Strengthen subject understanding, answer-writing, revision and, examination confidence for Classes 9 and 10.

Advanced Science and Mathematics:

Develop deeper conceptual understanding through application-based teaching and problem-solving.

Early Competitive Foundation:

Gain appropriate exposure to higher-order questions, reasoning, and techniques that support future JEE and NEET preparation.

Regular Evaluation: Track progress through chapter tests, cumulative assessments, and detailed performance reviews.

Personalised Mentoring: Receive consistent academic guidance, doubt resolution, and support to build discipline and confidence.

IIT JEE AND NEET RANKERS PROGRAMME

Classes 11 and 12 | During School Hours

One Curriculum. Board Excellence. Competitive Success.

The IIG Academy IIT JEE and NEET Rankers Programme is designed for students in Classes 11 and 12 who want to excel in Board examinations and prepare systematically for JEE Main, JEE Advanced, or NEET through one synchronised academic programme, with focused learning in Physics, Chemistry, and Mathematics or Biology aligned to their chosen competitive examination.

PROGRAMME HIGHLIGHTS

Integrated Learning Approach: Board syllabus and competitive concepts are taught in a carefully planned sequence to reduce repetition and improve continuity.

Expert Faculty: Learn from experienced educators who simplify complex concepts and guide students across academic and competitive requirements.

Balanced Academic Schedule: A structured timetable aligns classroom learning, practice, self-study, revision, and testing.

Comprehensive Study Resources: Receive study materials, Daily Practice Problems (DPPs), assignments, and revision modules for complete exam readiness.

Regular Tests and Performance

Analysis: Take Board-pattern tests, JEE/NEET practice tests and mock examinations supported by performance analysis.

Personalised Mentoring and Doubt

Support: Receive focused academic guidance to address individual learning gaps and maintain consistent progress.

COMMERCE PRODIGY PROGRAMME

Classes 11 and 12 | During School Hours

Build Strong Foundations for a Brighter Future

The IIG Academy Commerce Prodigy Programme is designed for students in Classes 11 and 12 who want to strengthen their academic foundations and perform consistently. Through concept-focused teaching, regular assessments, personalised guidance, and structured revision, students gain clarity across key Commerce subjects while developing the confidence, discipline, and problem-solving skills required for Board examinations and future academic opportunities.

PROGRAMME OPTIONS

Class 11 Commerce

A strong start for ambitious young minds, with structured support to understand new concepts, develop productive study habits, and prepare confidently for higher academic expectations.

Class 12 Commerce

Focused Board preparation through concept strengthening, intensive question practice, strategic revision, mock tests, and performance analysis.

PROGRAMME HIGHLIGHTS

Strong Subject Fundamentals

Build clear concepts in Accountancy, Business Studies, Economics, and related subjects.

Board Examination Preparation

Follow structured lessons, practice papers, and revision strategies for stronger examination performance.

Concept-Based Learning

Understand principles deeply instead of depending only on memorisation.

Regular Assessments

Track progress, identify learning gaps, and improve consistently.

Problem-Solving Skills

Develop logical and analytical thinking through application-based questions.

Future Academic Readiness

Build confidence for higher studies and future professional pathways.

WHAT MAKES OUR PROGRAMMES DIFFERENT?

Diagnostic Assessment

Every student begins with a comprehensive evaluation to identify conceptual strengths, learning gaps, and areas that require focused improvement.

Data-Driven Performance Tracking

Regular assessments, error analysis, personalised feedback, and measurable progress reports ensure continuous improvement throughout the year.

Rebuilding Concepts from the Ground Up

We revisit every concept from the fundamentals, eliminating misconceptions and creating a strong academic base before advancing to complex topics.

Counselling and Emotional Support

Dedicated mentoring and motivational sessions help students overcome stress, self-doubt, and examination anxiety while maintaining confidence and consistency.

Individual Attention

Small batch sizes enable faculty members to closely monitor each student's academic progress, participation, and overall development.

Complete Exam-Ready Transformation

Our objective extends beyond improving scores—we develop disciplined, resilient, confident, and exam-ready students prepared to perform at their highest potential.

EXCLUSIVE ADMISSION BENEFITS

- **Free Registration** - Enrol during the admission period with zero registration fee.*
- **Scholarships of up to 90%*** - Meritorious and deserving students can receive scholarships based on eligibility criteria and academic performance.

**Terms and Conditions Apply.*

WHY IIG ACADEMY?

At IIG Academy, success is not defined solely by examination results—it is measured by the confidence, discipline, knowledge, and resilience that students develop throughout their learning journey. Our holistic approach combines academic excellence with continuous mentoring, motivation, and skill development to ensure that every student is prepared to excel in competitive examinations and beyond.

THE IIG ADVANTAGE

Experienced & Passionate Faculty

Our dedicated educators bring subject expertise, innovative teaching methods, and years of mentoring experience to make learning engaging, effective, and results-oriented.

Personalised Student Mentorship

Every student receives continuous academic guidance, performance reviews, and one-on-one mentoring to overcome challenges and stay focused on their goals.

Scientific Performance Tracking

Regular assessments, detailed analytics, and personalised feedback help students monitor progress, identify areas for improvement, and consistently enhance their performance.

Regular Doubt-Clearing Sessions

Students receive timely academic support through interactive doubt-solving sessions that strengthen conceptual understanding and improve confidence.

Parent Partnership

We believe parents are integral to every student's success. Regular progress updates and academic discussions ensure transparency and collaborative support.

Small Batch Sizes

Limited students in each batch allow faculty members to provide greater individual attention, encourage classroom interaction, and closely monitor their academic progress and identify areas of improvement.

Comprehensive Study Resources

Well-structured learning resources, Daily Practice Problems (DPPs), revision modules, and mock examinations ensure complete preparation for every stage of learning.

Career Counseling and

Motivation Expert counseling and motivational sessions help students develop clarity of purpose, manage academic rigour, and stay inspired throughout their preparation.

Competitive Learning Environment

A disciplined and motivating atmosphere encourages students to challenge themselves, learn from peers, and consistently strive for excellence.

We Promise. We Deliver.

Everyone promises the best. Few actually keep that promise. We keep ours through consistent support, dedicated mentoring, and academic guidance that delivers in results, not merely promises.

ADMISSION PROCESS

Every remarkable achievement starts with a single decision. Whether you are building a strong academic foundation, preparing for Board examinations alongside JEE or NEET, or taking another determined step towards gaining admission to your dream college, IIG Academy provides the guidance, mentorship, and learning environment to help you reach your highest potential. Join a community in which aspirations are transformed into achievements.

GET STARTED WITH 4 SIMPLE STEPS

Begin Your Journey to Success

Attend orientation, meet your mentors, and embark on a structured path toward academic excellence.

Registration and Admission

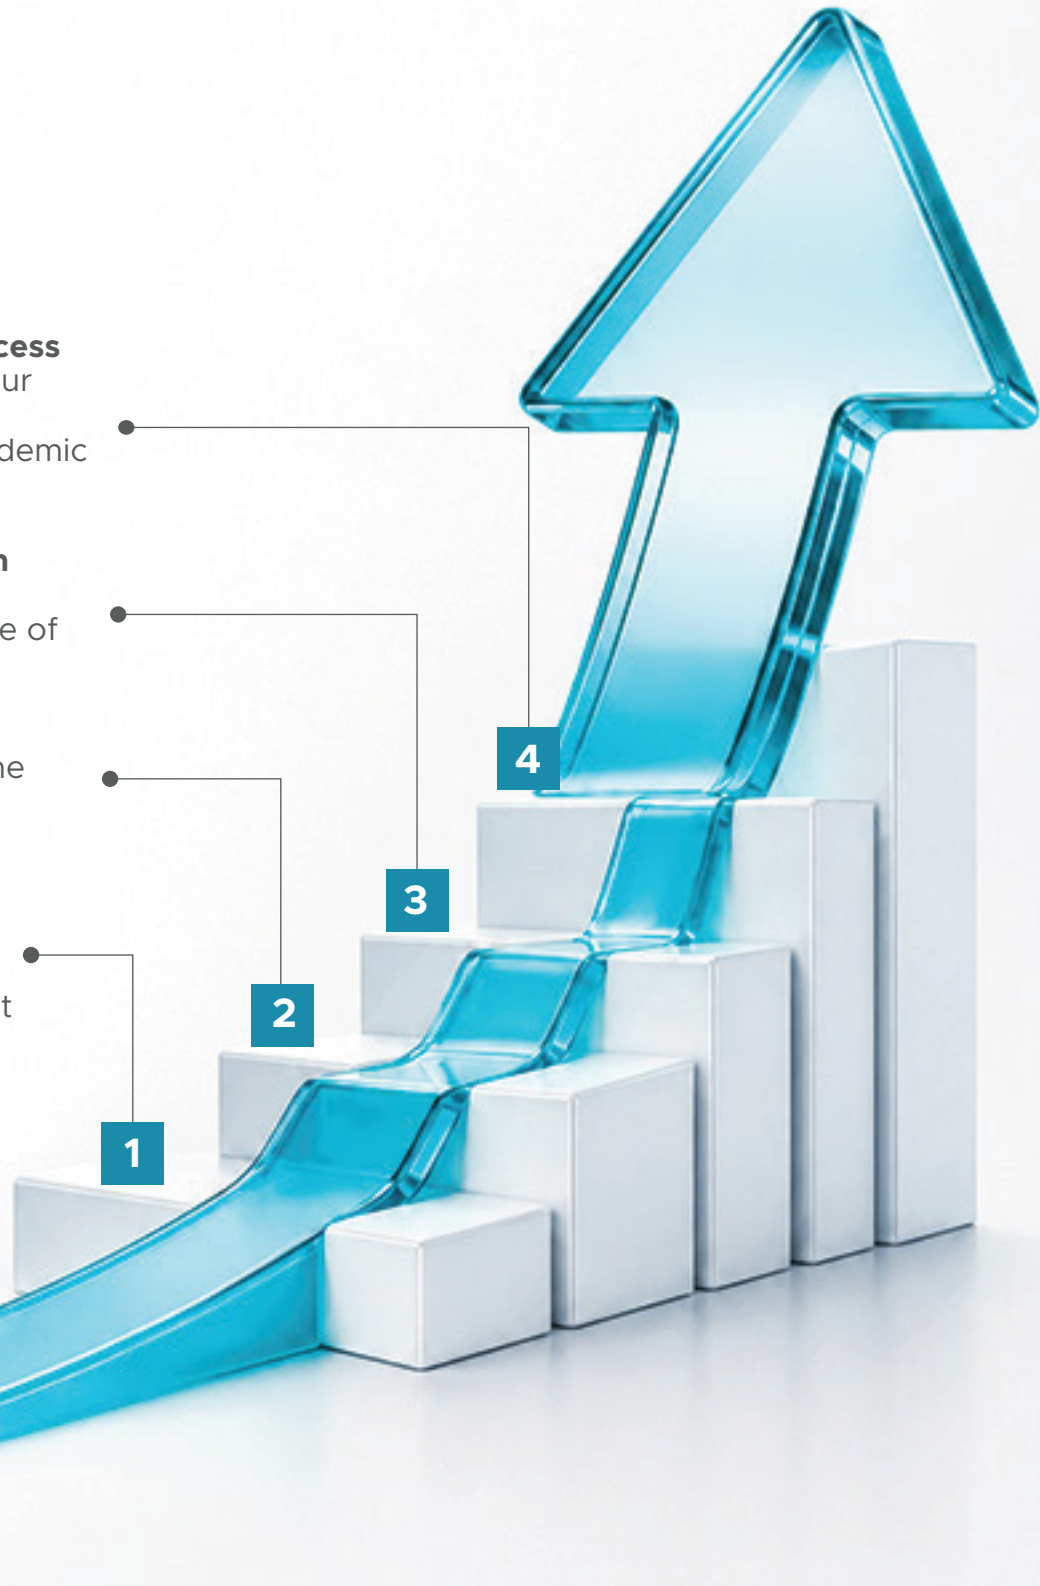

Complete the admission formalities with the guidance of our academic counsellors.

Scholarship Assessment

Eligible students can take the scholarship assessment or admission test and avail financial benefits.

Academic Counselling

Understand your goals and choose the programme best suited to your aspirations.

“Trust yourself; you know more than you think you do.”

YOUR SUCCESS STORY STARTS HERE

Whether you are building your academic foundation, preparing for Board examinations, or striving for a top rank in JEE, NEET, or another competitive examination, IIG Academy provides the knowledge, mentorship, and motivation to help you achieve your dreams.

*Learn with Confidence. Grow with Purpose.
Succeed with IIG Academy.*
